
Title: Log

Author: Vincent

This fool soon should tell
us where the Tuning Fork
is, I almost threw him to
the Ki-rin we saw while
exploring the passage to
the south. He swears he
will never tell, as he
knows just how much
power I can buy with the
wealth I can earn with
the Tuning Fork. No
matter, he seems very
nervous as we travel
down here - I believe it
is because we are getting
close.

I am not too familiar
with this dungeon, we will
go forward in the
morning and hopefully not
lose any more men.
